Yeas—All the members of the Board.

The Committee on Public Grounds and Buildings presented the following report: Honorable Board of Aldermen:

Your Committee on Public Grounds and Buildings respectfully report that because of the long and open winter just past the parks this spring were very much in need of

care, they were much littered with broken branches, scraps of paper and the grass grew quickly by reason of the rain and sunshine. The appropriation for Public Grounds and Buildings is but \$1,000 for the year or \$83.33 per month out of which insurance and repairs to City Hall must be paid.

The money available to May 31, 1890, is \$374.57, and it was deemed most advisable that a force sufficient to clear the parks, cut the grass and clean the walks, should be employed for a short time, this work is now done, five men having been employed during the last two weeks. Owing to the generosity of Mr. Philip E. Martin, plumber gas fitter, of 187 Montgomery street, the fountains in Van Vorst and Hamilton Parks have been placed in good order and are now in operation. A letter from that gentleman is herewith presented. We would further announce that the fountain in Hamilton Park has been painted at the expense of one of our members, Alderman S. H. Smith, of the Third District.

In conclusion your committee desire to report that in their opinion the appropriation for care of parks should be increased. Hamilton Park needs special attention and the lack of benches has much to do with the destruction of the grass.

H. SCHERMERHORN, JR.,

R. S. JORDAN,

P. H. CONNOLLY,

Committee on Public Grounds and Buildings.

Jersey City, May 27, 1890.

JERSEY CITY, May 10, 1890.

Alderman Horace Schermerhorn, Jr., Chairman of Committee on Public Buildings and Grounds:

DEAR SIR—Knowing that your committee has such a small amount of money to maintain and keep the public grounds and buildings in Jersey City in proper order, and that it would be impossible to put the fountains in the park in working order with the money that you have I will, with your permission, put the fountain in working order without any charge whatsoever to the city. I think it would be an injustice to any city to have a fountain in the public parks without water as it was last year in this city.

I remain yours very respectfully,

PHILIP E. MARTIN.

The report was received, adopted and on motion of Alderman Jordan a vote of thanks was tendered to Mr. Martin.

The Committee on Streets reported the following resolutions on petitions hereafter referred:

Resolved, That permission is hereby granted to the following named to keep and maintain in the manner prescribed by the law and resolution of May 22d, 1883, signs over the sidewalk in front of places hereinafter mentioned to remain during the pleasure of the Board of Aldermen.

GENTLEMEN—With your permission I will take this opportunity to give you my opinion and understanding of the rules that must govern this Board of Aldermen. In the first place we made and adopted 39 rules of order, which are absolute rules of law, subject to changes as provided for in rule 39. At our last regular meeting some of the members took an exception to the adjournment also said the President having vacated his chair that seven members could reorganize that meeting by substituting a member as President. Gentlemen—I fail to find any such rule adopted by this Board. I will read rule 27 which is very plain and explicit on that question to my mind. Gentlemen—I am well aware of the fact and will always so announce that 7 votes are the majority of this Board, whether they be in the negative or affirmative side of the question.

OFFICERS' COMMUNICATIONS.

The City Clerk laid before the Board the following communication from his Honor the Mayor, filed in the City Clerk's office on the 21st inst., and the same was read, received and ordered to be entered in the minutes:

MAYOR'S OFFICE, CITY HALL, }

JERSEY CITY, N. J., June 20, 1890. }

To the Board of Aldermen:

GENTLEMEN—The enclosed resolutions are returned without signature. The room occupied by the Tax Commission is the only room in the City Hall affording the space and conveniences for that commission to act according to law. They must open their books to public inspection and must have suitable accommodations for that purpose under the new charter. The room designat-

ed in the resolution is not light enough nor large enough to accommodate one-half of the work of the commission, besides being already appropriated for public use and constantly so used. An examination of the room on the part of your honorable body would convince you of the correctness of this statement. The Board is already located and cannot be removed till a proper place is provided. If your Board has an appropriation applicable to that purpose, you can provide quarters for the Tax Board outside of the City Hall, but if not then the Board of Finance I think, under the new charter, would have power to furnish such money. It was hoped that the last Legislature would have given power to build a suitable City Hall, that would accommodate the different departments of the City Government the need of which has been severely felt for many years, but now more than ever. The Aldermanic Chamber is not used by your honorable body in the day time and so, without interfering with your meetings, the writing and work of the Tax Commission and the examination of the tax books by the public could continue there with great convenience to the public, but your honorable body can furnish other quarters as above stated if you desire.

Very respectfully,
ORESTES CLEVELAND.

On motion of Alderman Schermerhorn the Board took a recess for fifteen minutes.

On reassembling the Board proceeded with

OFFICERS COMMUNICATIONS.

The following communication from the Corporation Counsel was presented, received, ordered filed and ordered to be entered in the minutes:

JERSEY CITY, July 12, 1890.

Hon. Board of Aldermen:

SIRS: In answer to your inquiry as to whether the Board of Finance or the Board of Aldermen is charged with the duty of furnishing the Tax Commissioners with suitable quarters for the transaction of their public duties. I submit the following: By section 3 of the supplement to the old Charter approved March 24, 1873 (page 110 of printed charter) it is provided "That the Board of Aldermen shall provide for the various Officers of the City, proper places for the transaction of their business, provided that the Board of Public Works, Board of Police Commissioners, Board of Fire Commissioners, Board of Education and Board of Aldermen shall have con-

trol of all buildings pertaining to their respective departments." This has not been modified by subsequent legislation. The provision in section 4 of the New Charter that officers and supplies shall be furnished for every such Board (of Tax Commissioners) at public expense" does not make any change as to the method in which the offices are to be supplied. I am of opinion that your Board must furnish the Tax Commissioners with suitable quarters. Moreover your Board has exclusive control of the City Hall. The Tax Board should be located in the City Hall so as to be in close proximity to the offices of the City Collector and City Clerk to whose record they have frequently to refer. It would be a great inconvenience to the taxpayers to have this Board located anywhere else than in the City Hall.

Yours respectfully,

WM. D. EDWARDS,
Corporation Counsel.

The following report was presented, received ordered filed and ordered to be entered in the minutes:

Honorable Board of Aldermen:

The City Clerk respectfully reports that pursuant to resolution of the 8th inst. directing him to furnish a list of unpaid bills for printing ordinances passed during the years 1886 to 1890, inclusive, for the benefit of individuals and corporations the following bills still remain unpaid:

The Bergen Electric Light Heat and Power Company ordinance passed December 23, 1889, \$231.40.

OFFICERS COMMUNICATIONS.

The following opinion from the Corporation Counsel, was presented, received and on motion of Alderman Smith laid upon the table:

JERSEY CITY, August 30, 1890.

Honorable Board of Aldermen:

SIRS—I herewith return with my opinion the resolution relative to the salary of His Honor, the Mayor, referred to me at your last meeting. The act authorizing the increase was approved April 19, 1889. By its terms the Board of Aldermen had power to fix the salary of the Mayor of a city of the first class at not less than \$3,500 nor more than \$5,000 per annum; at the time of its passage the salary of the Mayor of Jersey City, was \$2,000 per annum. The Aldermen fixed the salary of the Mayor by resolution passed May 7, 1889, at \$5,000 per annum under that Act without fixing a time at which the increase should commence. The Committee on Finance of the Board of Finance requested my opinion as to the date from which the increased salary should run; I advised them that as the resolution of the Board of Aldermen was silent on that point, the increased salary would run from the date of the approval of the Act of April 19 1889. In accordance with the opinion, the salary was ordered paid at the increased rate from that date. I am still of the same opinion, and so advise you. Moreover the act contemplates that the salary of the Mayor of cities of the first class should be increased to the sum between \$3,500 and \$5,000 per annum, but leaves the fixing of that sum to the municipality through its Board of Aldermen; the act by its terms took effect immediately, likewise the increase; the Board of Aldermen simply fixed the measure of that increase.

Respectfully submitted,

WM. D. EDWARDS.

OFFICERS' COMMUNICATIONS.

The City Clerk laid before the Board the following communications from the Mayor, filed in the City Clerk's office on the 20th inst., and the same were read, received and ordered to be entered in the minutes:

MAYOR'S OFFICE, CITY HALL. }
JERSEY CITY, September 18, 1890. }

To the Board of Aldermen:

GENTLEMEN:—An ordinance entitled "An Ordinance to authorize the Union Light and Heat Company consisting of Andrew D. Whyte, John A. Bell and Charles O'Donnell and others who may be associated with them, hereafter to be incorporated as said company, to lay pipes, conduits and subways in the streets, avenues, alleys, highways, lanes and public squares in Jersey City for the purpose of conveying and conducting gas for light, heat and power in said city "passed September 9, 1890, is herewith returned with my objections.

This city is incorporated and organized under a charter granted by the State and all municipal powers are therein defined and set out. It possesses no power not therein

specified, or granted to it by some other statute. Nowhere in the city charter is the power given to the municipality to authorize any person or persons to tear up the streets and lay down gas pipes.

But under a general law on that subject, any city may give its consent to a company, itself duly organized, as set forth in the statute. The consent can only be given to a corporation complete in all its parts and ready to begin its work. The principles of law that underlie the position I assume in this case are so fully recognized by the Courts of this State that there is no room for argument. There is no debatable ground. The matter is beyond even a reasonable doubt. See the case of Peoples Gas Light Company vs. Jersey City, 17 Vroom 297.

Your Board cannot afford to violate the laws of the State. You have no powers beyond those granted by the State and the State has invested your Board with no power to grant such a franchise. The State itself grants the franchise while to the city is given only the right of consent to the exercise of that franchise within its territorial limits. But before the State itself can, under the law, grant such a franchise, much has to be done by the proposed gas company. There must be a certificate filed in the office of the Secretary of State, which certificate must contain the names of thirteen directors who must be stockholders in the company and residents of this State, and two-thirds of whom must reside in the city in which the works are to be constructed.

There must be provision for a capital stock equal to not less than \$5,000 for every one thousand inhabitants, which in the case of Jersey City would be a capital stock of not less than \$825,000 and before the certificate can be so filed one-half of the capital stock must be subscribed for in good faith and 20 per cent. thereof paid in, in cash, to the treasurer of the company. This would require a previous *bona fide* subscription of \$412,500 and 20 per cent. thereof would be \$82,500 in cash that must be actually paid in. A majority of the directors must make oath that this has been done, after which, on payment of the State tax provided by law for such a case, the certificate can be filed and the organization becomes a corporation invested with certain rights and franchises, amongst which is the right to lay pipes in the streets but before laying them the company must receive the consent of the city authorities. It will thus be seen that the consent cannot be given till the franchise has been granted by the State, and the franchise cannot be granted till the above requirements have been complied with. Not one of these requirements have been complied with. Even should the ordinance pass neither the persons named nor their successors would be allowed to lay a single foot of pipe in any street in this city, but I am sure that after an examination of the law and the facts no member of your honorable body will insist upon its passage. It is plain on its face that this ordinance is not asked for in good faith.

The three persons named know absolutely nothing of the gas business. They were never connected with it in any way. If they were familiar with it and really had the ability or intended to build gas works they would know the general law of the State regulating the formation of gas companies and they would know that

they could do nothing lawfully under this ordinance. They would know that they had not complied with the State law and were not in a condition to receive from the city its consent to lay pipes in the streets.

For these reasons this ordinance has not received my approval.

Very respectfully,
ORESTES CLEVELAND.

MAYOR'S OFFICE, CITY HALL, }
JERSEY CITY, N. J., September 18, 1890. }

To the Board of Aldermen:

GENTLEMEN—The ordinance entitled "An ordinance to authorize J. Hobart Herrick, J. P. Ord and W. Preston Hix and others who may be associated with them, their successors and assigns to lay and maintain in, upon, along, under, through and above the streets, avenues, alleys, highways, lanes, parks and public places in Jersey City, pipes, mains, conduits and to erect and maintain poles and posts thereon to support the same for the purpose of conveying and conducting electrical currents for the supply of light, heat and power to customers in said city," is herewith returned without signature.

There are many reasons why this ordinance should not be passed by your honorable body.

Even if you had the power to do so it would not be proper to multiply wires on our streets to the extent proposed. There are already three electric light companies in this city, that have received consent to set their poles and string their wires over the city, and to lay pipes for conveying electricity under the streets. That the overhead wires are a constant menace to the lives and property of our people, need not be told in this paper.

Every day brings to us the fact that some victim has lost his life or some building is set on fire by the deadly current. Even horses are killed by the broken wires all falling upon them, and these accidents must multiply as the strung wires grow older and weaker.

It is almost impossible to raise a ladder to put out a fire in some of the streets already, and we cannot afford to run the risk of human life by covering the multitudes with more of these death dealing electric wires.

But even if the wires were harmless you could not grant to individuals the rights intended to be granted by this ordinance. The consent of the city must be given, if given at all, to a completed organization or company incorporated under the laws of the State. You are respectfully referred to my veto of another ordinance intended to grant consent to certain individuals to lay gas pipes, wherein I have explained the powers of the city government in such cases.

As in that case, so in this: There is no company and that defect is fatal. The ordinance would be absolutely invalid and of no value to the persons named.

They would not be permitted to set a pole, nor to string a wire, nor to lay a conduit under any street, even if the city authorities consented, any property owner could stop them from exercising any of the rights in front of his property. There are other objections but as the last one named is absolutely fatal, it is not necessary to mention them.

Very respectfully,
ORESTES CLEVELAND.

MAYOR'S OFFICE, CITY HALL, }
JERSEY CITY, N. J., September 18, 1890. }

To the Board of Aldermen:

GENTLEMEN—An ordinance entitled "An ordinance to authorize Chas. D. P. Gibson, or the company proposed to be organized by him to lay conduits in the streets, avenues and highways of a portion of Jersey City commonly called the Lafayette District, for the purpose of conveying electricity to buildings and dwellings" is herewith returned with objections.

This ordinance is so absolutely absurd and illegal on the face of it that the many other objections need not be given.

You are respectfully referred to the objections given in two other vetoes of similar ordinances of even date herewith for an explanation of the position this ordinance would occupy in case of its final passage. It would be my duty, under my oath of office, to prevent the person named, or any other person or the proposed company from opening any street or taking any advantage whatever of the permission intended to be granted by this ordinance.

Very Respectfully,
ORESTES CLEVELAND

MAYOR'S OFFICE, CITY HALL, }
JERSEY CITY, September 19, 1890. }

To the Board of Aldermen:

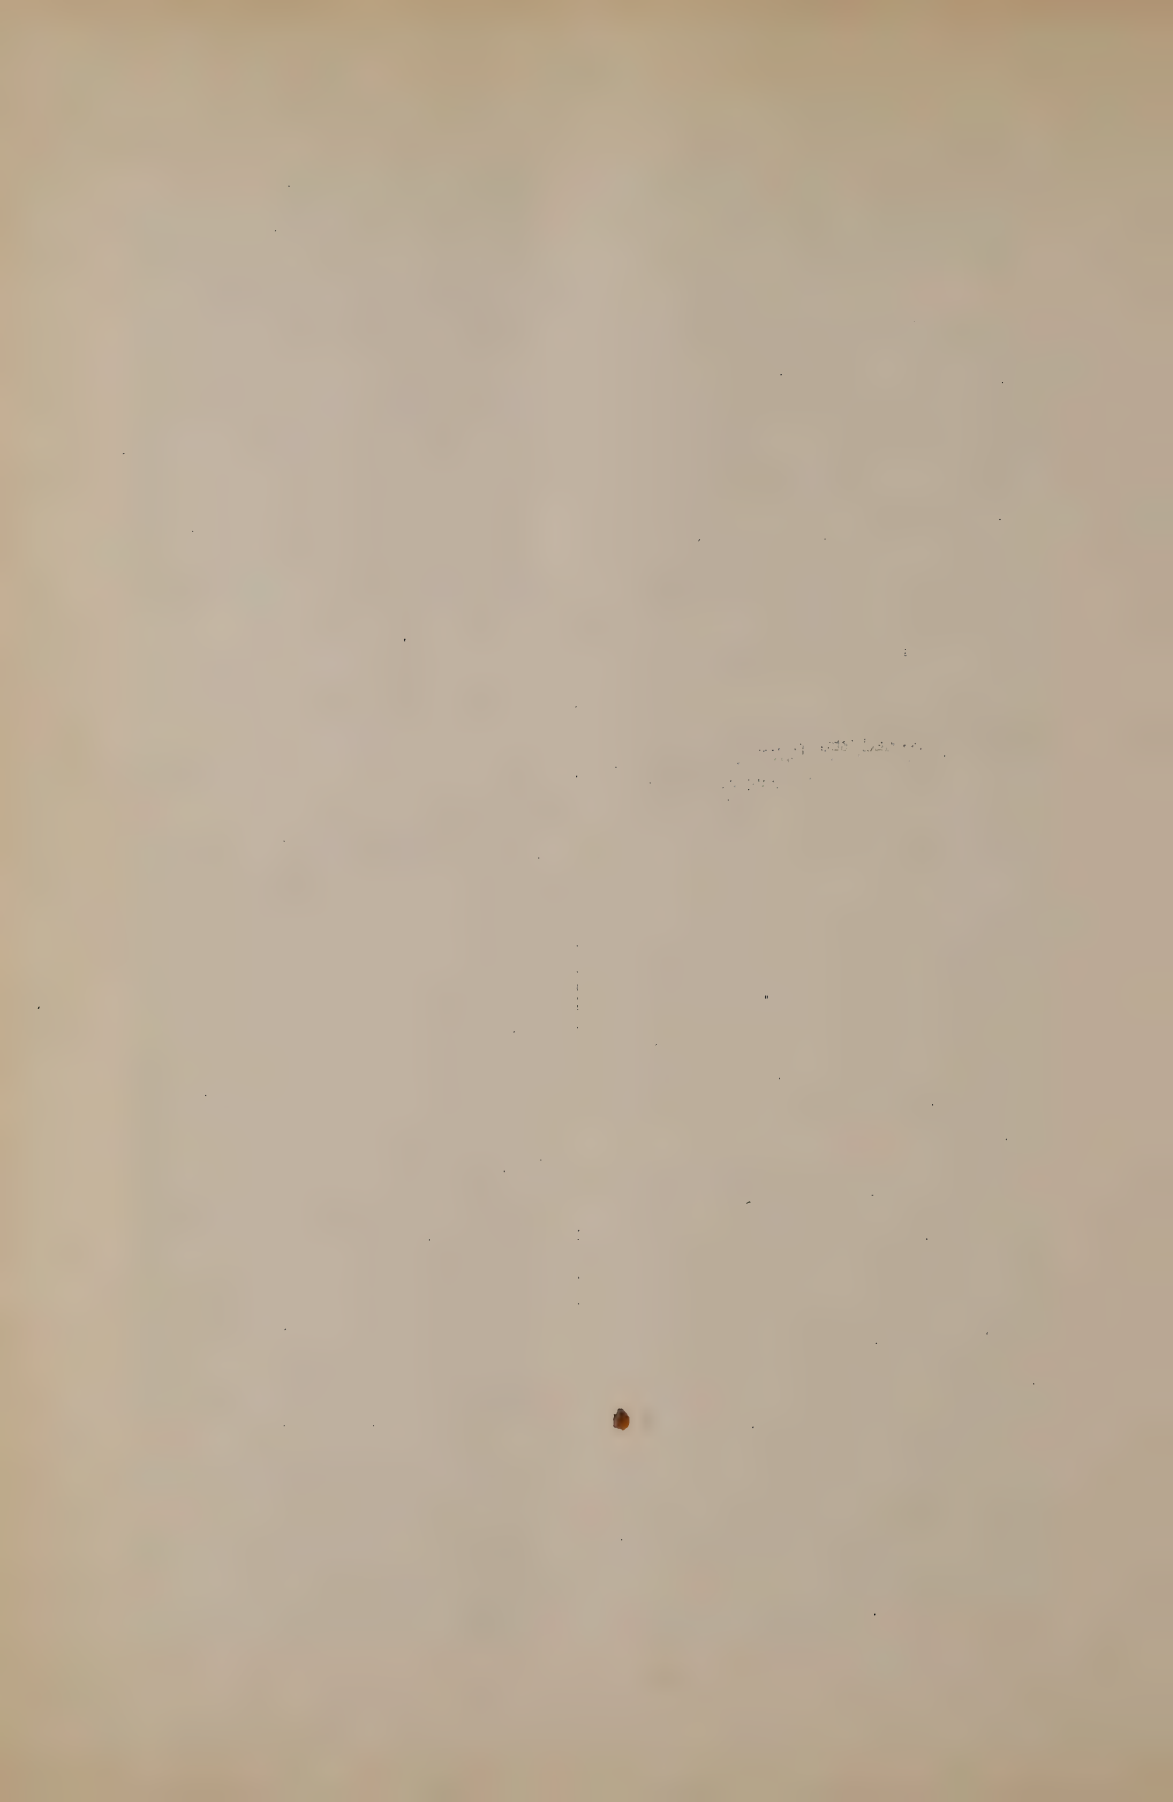

GENTLEMEN—A resolution adopted by your honorable body, giving directions to the city clerk in regard to the city seal, and ordering him not to attach it to the contracts in certain cases, is herewith returned.

Your honorable body has adopted similar resolutions on two or three previous occasions, and they were allowed to rest unnoticed because they could be of no effect. The adoption of such resolutions seemed to me at that time to be a harmless amusement. But it is, in reality, such a serious attempt on the part of one department of the city government to encroach upon the rights and duties of another department that it seems to be my duty to object. The city seal is not directly nor indirectly, in the custody or control of your honorable body. It is exclusively under the control of the city clerk, who is an officer of the city government, independent of the Board of Aldermen, and charged by the city charter with duties and responsibilities in no way connected with, or acted upon, directly or indirectly by your honorable body. Amongst these duties he is made the absolute custodian of the city seal. No board or person has any control over it or him in the use of it and under certain circumstances he has not himself any discretion in the use of it. He is obliged to attach it as required by the charter. Defining his duties, the charter says: "He shall countersign all licenses and all bonds, obligations and other evidences of indebtedness incurred by the city, or any department thereof and shall affix the corporate seal thereto; he shall have the custody of that seal."

In another place defining the duties of the Board now known as the Board of Street and Water Commissioners the charter says in regard to contracts:

"When in writing shall be in the name of the corporation and signed by the Mayor and President of said Board and be sealed with the corporate seal."

Language could hardly be stronger, and you will learn upon reading it that the City

Clerk is the absolute custodian, independent of your honorable body.

Very respectfully,

ORESTES CLEVELAND.

Whereas, Said company has completed its new means of locomotion from Bergen avenue to Varick street, instead of extending the same to the ferry, as it should have done thus delaying travel and incommoding the public beyond Varick street to the ferry; therefore

REPORT OF SPECIAL COMMITTEE.

The following report was presented, received and Committee discharged.

Honorable Board of Aldermen:

Your special committee appointed September 23, 1890, to wait upon the President of the Jersey City and Bergen Railroad Company and ascertain the reason why the company has not complied with the requirements of the ordinance passed September 24, 1889, authorizing said company to use the Electric Motor as the propelling power of its cars, respectfully report that your committee met at the City Clerk's office on Monday, September 29, 1890, at 10 o'clock a. m., and then proceeded to the office of the Jersey City and Bergen Railroad Company and there met Charles B. Thurston, the President of the company, and presented to him a copy of the preamble and resolution adopted September 23, 1890.

Mr. Thurston in answer thereto stated that the route on Montgomery street from Bergen avenue to Varick street was simply experimental and this street was chosen to test the Motor and its power of propulsion; some doubt also existed whether the poles necessary for the purpose would not be objected to by property owners but in the face of the demand by your Honorable Body and evident desire of the people expressed through you as its representatives, the company would no longer hesitate and agreed with your committee that they will proceed with the work and will endeavor to have the Montgomery street line in operation with Electric Motor as the propelling power before the 1st day of December next.

Respectfully submitted,

P. H. O'NEILL,

S. H. SMITH,

Special Committee.

Jersey City, October 14, 1890.

To the Board of Aldermen:

GENTLEMEN—An ordinance entitled "An ordinance to amend an ordinance entitled "An ordinance to license and regulate inns and taverns and restaurants and the sale of spirituous, vinous, malt and brewed liquors," passed by your honorable body December, 9th inst., is herewith returned without approval.

There are absolute and controlling reasons why this ordinance should not become effective, independent of the act of the State Legislature, approved March 20, 1889, but they need not be set forth at this time because the second section of that (see session laws page 78) make it imperative that every dealer, bottler or other person shall procure a license before selling or offering for sale any spirituous, vinous, malt or brewed liquors" in any quantity from one quart to five gallons and must pay a license fee of not less than \$250 therefor. There is no getting away from this provision and the bottlers must pay the fee or be subject to the offense of "keeping a disorderly house."

Very respectfully,

ORESTES CLEVELAND.

A copy of a resolution adopted by the Board of Finance on the 16th inst. and approved by the Mayor on the 17th inst., directing the City Comptroller to reappropriate the appropriation for relief of out-door poor, as follows, was presented, received and ordered filed.

To the Aldermen of Jersey City and John E. Scott, City Clerk:—

Gentlemen—Complications having arisen in regard to the action of the Board of Aldermen taken at the meeting held March 4, 1891, in the passage of a resolution to divide the city up into aldermanic districts, and a claim having been made that said meeting was not regularly convened, I hereby call under Section 22 of the City Charter a special meeting of the Board of Aldermen, to be held in the Aldermanic Chamber in the City Hall on Thursday evening, April 2, 1891, at eight o'clock, for the purpose of taking action by resolution upon the division of the city into Aldermanic Districts under Chapter 34 of the laws of 1891, and for the purpose of dividing up said Aldermanic Districts into election precincts, and for the purpose of appointing election officers, and for any and all matters connected with the coming charter election, and the registration of voters therefor, which meeting you are hereby requested to attend.

Very respectfully,

ORESTES CLEVELAND,
